GENERAL AND REVENUE SECRETARIAT

Serial Nos. 60

Part B for July 1944.

SUBJECT

Changing the name of the Mysore Insurance Company Ltd, Bangalore so as to avoid the possibility mistaking it with the State Life Insurance Scheme.

Serial No.

Letter no 24619 dt 19th June 36 from the Secretary, M.S. L. I. Committee reporting that in the advertisements of "The Mysore Insurance Co Ltd" the Clause contemplated in this G.O. dt 27th Feb 35 is not inserted and that this is an instance of the departure from the undertaking given by the Company and stating that the similarity in the names of the institutions is affording scope for the diversion of business from the Public Branch to the Company and requesting orders to take suitable measures to remedy the situation.

It is to be noted that the question of having the "Mysore Insurance Company's" name suitably altered so as to avoid the possibility of a mistake between the two concerns has been discussed in the file J.S. 37-33 (1-3, 18) placed below. The Directors of the 'Mysore Insurance Company' agreed to insert in a Clause in all their advertisements that their Company is entirely distinct from that of the Mysore State Life Insurance and orders were accordingly issued in G.O. no D S 7464-46 dt 27.2.35. In view of the assurance given by the Directors of the company, Govt did not want to take any further action in the matter.

2) Now the Secretary, Mysore State Life Insurance Committee brings to the notice of Govt that the Mysore Insurance Company ~~have~~ have made a departure from the undertaking given by them viz in omitting to insert the Clause Contemplated in G.O. of 27-2-35 in their advertisements and furnishes a specific instance of such departure - Please see Cutting from the Janavani of the 30th May 36. That the similarity in the names of the two institutions is affording scope ~~for the diversion~~ for the diversion of business from the Public Branch to the Mysore Insurance Company is further evidenced by a letter from Mr Narain Hansoge a helper of the Mysore State Life Insurance Committee

3) The request of the Secretary, Mysore State Life Insurance Committee to take suitable measures to remedy the situation is for orders - The matter is perhaps one to be dealt with in the Dev. Dr. from which the previous G.O. of 27-2-35 was issued

4) The reference may be transferred to the Dev: Dr for necessary action

23) It is strange that the Secretary, Mysore State Life Insurance Committee, has agreed to the proposal that the Mysore Insurance Company should insert a clause that "the company is entirely distinct from the State Life Insurance Committee" only for three years and that too from 27th February 1935" which include back periods during which the said clause was not being inserted. As there will always be new investors, it is necessary to insist on the insertion of the above clause in all advertisements

permanently in order to protect the interests of the Mysore State Life Insurance Committee. I would therefore strongly urge that in the interests of the general public and our State Life Insurance Company, the order already issued may be modified requiring the insertion of the above clause permanently. The Company has evaded this condition during the last nearly 2 years out of the three mentioned in this order and its effect will be practically only for one year and not three.

B) When it was first noticed that the Mysore Insurance Company was doing business under a name closely resembling the Mysore State Life Insurance Scheme, and possibly misleading the general public, legal opinion was sought as to the best method by which the Mysore Insurance Co. could be made to change its name. The then Government Advocate (Mr A.R. Nageswara Iyer) expressed an opinion that a suit for injunction was the proper remedy. On certain representations made by the Mysore Insurance Co., and with a view to encourage the young concern, the Government were pleased to agree to a proposal that the Mysore Insurance Co. should insert a clause in all their advertisements that their Company is entirely distinct from the Mysore State Life Insurance Committee. In view of that assurance, Government did not wish to take any further action in the matter for the present. (See G.O. dated 27.2.39) It is also significant that no time limit was fixed in the order.

37) It was however noticed

Serial No.

Sometime later, that the Mysore Insurance Co. has failed to act up to their assurances and were not inserting the promised clause in their advertisements, when their attention was drawn to this fact, they represented that as such insertions were made for some time, people had become sufficiently alive to the distinct nature of the Concerns, that the undertaking on their part was not for an indefinite period, and that if considered desirable a reasonable period may be fixed. The Registrar of Joint Stock Companies recommended a period of three years from 27.2.35; the Secretary to the Insurance Committee agreed to the proposal, and accepting their views, the Government ordered that the period for which the Mysore Insurance Company agreed to insert the clause be fixed at three years from 27.2.35, and the Registrar was asked to get the Company agree to this arrangement. In his letter of 5.11.36, the Registrar stated that the Company are agreeable for fixing the period at three years.

38) It is now learnt that even subsequent to this arrangement, the Mysore Insurance Company are not inserting the promised clause in their advertisements.

39) The question for consideration is whether

WD 0417—GPB—30,000—8-9-36

remedies are available to Government as against the Company.

40) In the first place, I think a suit can be filed against them to enforce their undertaking to insert the clause in all their advertisements.

41) In the next, the idea underlying the insertion of the agreed clause and fixing the period at three years was to impress on the minds of the general public that the two concerns are entirely distinct and to help them to avoid mistakes arising from similarity of names. The object will be defeated if the insertions are made not continuously but during broken periods. As it now turns out, the Bezonne Insurance Company have inserted the clause for about a year, and then there has been a break for nearly a year and if they publish for another year, then the period of 3 years from 27.2.35 will have expired. It cannot seriously be urged that the Company have thereby fulfilled their undertaking to insert the clause for a period of three years.

I would therefore suggest that the Company should be asked to insert the promised clause for a continuous period of three years, starting from the date on which they will begin to insert in pursuance of the later arrangement.

42) There is also another way of looking at this case. The original arrangement was a tentative one. That is clear from the wordings of the G.O. of 27.2.35 that Government do not propose to take any steps for the present'. Apparently the Government wanted to watch how the proposed arrangement would work and whether it was likely to have the desired effect. By the later arrangement the period of such watching was fixed at three years. As the Company have not however fulfilled their part of the agreement, the arrangement may be deemed to have worked not satisfactorily, and the parties thereby relegated to their old position as it stood prior to the G.O. of 27.2.35. After necessary notice to this effect to the Company, the Government may proceed against the company by filing a suit for injunction.

SIR,

J.S 43-35-3

With reference to your letter No. D.338/J.S.43-35-2 dated 15th/17th July 1936, re: the Mysore Insurance Company, Limited, I have the honour to state that the General Manager of the company was requested to explain as to why the clause viz., "the Company is entirely distinct from the State Life Insurance Committee" was not inserted in the advertisement in the "Janavani" paper dated - 30th May 1936 as agreed to by the Directors (vide G.O.No.5744-46/ J.S.37-33 dated 26th February 1935). He has replied that the - insertion of such a clause was not intended to be continued for an indefinite period and the same was discontinued as it was thought that the period of 1½ years was sufficient. He also states that if it is considered otherwise, a reasonable period may be fixed by Government (vide copy of his letter enclosed).

I am of opinion that there is some force in the above argument and that the period may be fixed as three years from 27th - February 1935, i.e., the date of the Government Order referred to above.

3. The enclosures received with your letter are herewith returned.

I have the honour to be,
Sir,

Letter No. M.I.6311/Aug/36 dated 4th August 1936 from the General Manager, The Mysore Insurance Co., Ltd., Bangalore City, to the Registrar of Joint Stock Companies in Mysore, Bangalore.

With reference to your letter No. C.128/36-37 dated 30th July 1936, I am desired to state that so far as the recollection of the Directors goes, the understanding arrived at during the personal discussion between the Directors of the Company and the First Member of Council as also the Acting Dewan was that sufficient precautions should be taken to avoid the possibility of a mistake being made by the public as to the nature of our concern. One of the steps suggested was that a clause should be inserted in our advertisements that the Company was distinct from the State Life Insurance Committee (Public Branch.) To the best of our recollection, it was understood that this step should be taken in the early stages of the Company's existence so as to avoid any confusion arising between the Company and the State Life Insurance Scheme. It was not intended that the Company should continue to insert such a clause in the advertisements for an indefinite period of time. It was felt that the insertion of such a clause in our advertisements during the last one year and a half together with the other steps which we have taken to avoid confusion between the two concerns had sufficiently served the purpose of preventing mistakes and that we could safely discontinue the insertion of such a clause in our advertisements. It was as a consequence that we published the advertisement referred to in your letter.

There appears to have been some misapprehension with regard to the exact nature of our undertaking. However, we wish to point out that assuming that an undertaking was given by us without any express limitation as to the period during which the insertion of a clause like the one referred to above in our advertisements should continue, yet in view of the fact that there is no longer any confusion existing in the minds of the public between our Company and the State Life Insurance Scheme and we are taking other steps such as issuing clear instructions by way of circulars to our agents &c., to avoid such confusion, it is no longer necessary that we should continue to insert a clause of the kind in our advertisements. Apart from the fact that the insertion of such a clause in our advertisements during the last one year and a half has served its purpose, we may also point out that the matter used in all our advertisements indicates definitely and clearly that our concern is a Joint Stock Company entirely distinct from the State Life Insurance Scheme (Public Branch). In the circumstances, we would request that even if it was not understood that the clause in question should be inserted in our advertisements for any definite period of time, the Government be pleased to permit us to discontinue the insertion of the same hereafter.

Before concluding we may give an assurance that it is far from being our desire that our concern should be mistaken for the State Life Insurance Scheme and that we shall do our best to avoid the possibility of such a confusion. At the same time, we would urge that we should not be asked to insert a clause like the one under reference in our advertisements forever. If it is considered necessary that we should continue to insert such a clause we would request the Government to fix some reasonable period during which we should do so. We shall be ready and willing to comply with any reasonable instructions in the matter.

Thanking you,

"Copy".

FOR REGISTRAR OF JOINT STOCK COMPANIES IN MYSORE.

Letter No. 24649 dated the 19th June 1936 from the Secretary, Mysore State Life Insurance Committee, Bangalore.

....

Adverting to G.O.No.5744-46 J.S.37-33-8 dated 27-2-1935 regarding the precautionary measures to be taken by the Mysore Insurance Co., Ltd., Bangalore, in order to safeguard the interests of the Mysore State Life Insurance Scheme, I have the honour to report for such action of Government as may be deemed fit, that in the advertisements of the company now appearing in several newspapers and journals, the clause contemplated in the G.O. is not being inserted. To furnish a specific instance of such departure from the undertaking given by the company, kind reference is invited to the enclosed paper cutting from the Janavani of 30th May 1936.

In this connection, I may add that even the insertion of such a clause does not seem to afford sufficient protection to the interests of the Mysore State Life Insurance Scheme as it is understood that the similarity in the names of the two institutions is affording scope for the diversion of business from the Public Branch to the company. A copy of a letter from Mr.Narain Hansoge S.K. a helper of the Committee, bringing certain facts to notice in this matter, is enclosed for information. I request that Government may be moved to take suitable measures to remedy the situation effectively.

Letter No. 18538, dated 5th April 1934, from the Secretary, Mysore State Life Insurance Committee, suggesting that action may be taken to have the name of the newly started Mysore Insurance Company, Ltd., Bangalore, changed so as to avoid the possibility of a mistake being made by the public between that Company and the State Life Insurance Committee.

2. Letter No. M. I. 286, dated 5th February 1935, from the Directors of the above Company, explaining the difficulties that exist in altering the name of the Company and adding that every precaution will be taken to avoid the possibility of a mistake being made by the public between their Company and the State Insurance Committee.

ORDER No. D. 5744-46—J. S. 37-33-8, DATED BANGALORE, THE 27TH FEBRUARY 1935.

The Directors of the Company represent that, if any change in the name of their concern were to be ordered now, it would seriously affect the confidence of the public in the Company and lead to loss of business. With a view to safeguard the interests of the State Life Insurance Scheme, they are agreeable to have precautionary measures taken to avoid the possibility of a mistake being made by the public, such as by inserting a clause in all their advertisements that their Company is entirely distinct from the Mysore State Life Insurance Committee.

In view of this assurance, Government do not wish to take any further action in the matter for the present.

Directors Report.

To

The Share-Holders,

The Mysore Insurance Company, Ltd.

Bangalore City.

DEAR SIR/MADAM,

Your Directors have great pleasure in presenting for your acceptance and adoption the report and the audited Statement of accounts of the Company for the year ending 31st December 1935.

Consequent to the evergrowing demand for the shares of the Company, he Share Capital of the Company was increased from Rs. 1,00,000/- to Rs. 3,00,000/- of which only Rs. 1,00,000/- consisting of 1,000 shares of Rs. 100/- each is issued to the public for subscription. As anticipated, we have eceived good number of applications for the shares of the Company. A large umber of these applications come from various parts of British India a fact vhich bears eloquent testimony to the popularity of the Company. The mana- gement is now declining applications for shares unless accompanied by a proposal for a policy of atleast Rs. 1,000/-

The Company has received during the year under report 492 proposals for an assurance of Rs. 6,39,000 of which the proposals for the value of Rs. 5,94,912 have been accepted and policies of the value of Rs. 5,00,440 have been issued.

Our share-holders are doubtless aware of the fact that competition in the field of insurance is becoming more and more severe and the Company has had to struggle against innumerable adverse conditions, such as, keen competition, accute economic depression and unsettled business conditions. It is, therefore, with legitimate pride that we mention that inspite of such odds the Company

has passed through the ordeal successfully and has made steady progress. In fact, we may say that the Company though young in years, is old in results. The Company deserves to be congratulated on this satisfactory progress.

It is a matter for gratification that the organization of the Company has been slowly but steadily expanding from one District to another in our State. Though extensive propaganda is being done, we find that more intensive work remains to be undertaken. It is obvious that fresh organization means, heavy initial expenditure. The Managing Agents have been moving at a safe and steady pace. We expect that ere long the organization will be spread throughout the State. Since the last Annual General Meeting the Company has gone a step further in extending its activities outside the Mysore State and we trust it will have become "AN ALL INDIA INSTITUTION" by the time we submit our next annual report.

During the period under review, there have been only three claims arising out of the deaths of the policy-holders under non-medical schemes. Only a sum of Rs. 130/-(being the actual premiums paid) is due. As soon as we receive the claim papers, the amount will be paid promptly. The Management has in mind that it is better to secure "quality business" at minimum cost rather than "quantity business" at any cost.

The insurance fund has now mounted to Rs. 5,300/-

In this connection, it will not be out of place to state that, at present the Authorised Captial of the Company is Rs. 3,00,000, Issued Capital is Rs. 2,00,000, the Subscribed Capital is Rs. 1,03,900 and the Called-up Capital is Rs. 35,910, while the Paid up Capital is Rs. 31,510 and the Reserve Security for the Company from the Share Capital is Rs. 72,390.

The Company had to incur preliminary expenses of Rs. 3,000/- of which Rs. 2,000/-was written off as already pointed out in the last report. During the period under review, we are glad to state that we are in a position to write off Rs. 400/- and we hope to write off the remaining Rs. 600/- at the earliest opportunity.

The Managing Agents have been foregoing a decent amount every year out of their legitimate claims with a view to maintain the steady and progressive

development of the Company during the initial stages. For the third time they are making a similar sacrifice and this time they have generously remitted an amount of Rs. 1360/-. We take this opportunity to express our thanks to the Managing Agents, for their devotion to the interests of the Company as disclosed by their self-sacrifice and the splendid work they have turned out.

Your Directors desire to record their appreciation of the loyal and zealous service of the management, the field-workers and the staff who have contributed towards the Company's prosperity. The Directors feel confident that such co-operation will continue unabated in the years to come.

We appeal once more to all our share-holders, policy-holders and numerous well-wishers to co-operate with us by securing proposals from their friends and relatives in large numbers and thus help the Company to achieve greater and greater success in the years to follow.
